

How do I become a HÜBNER supplier?

The chart “How to become a supplier” will give you a first overview of the progress from new to full supplier. The completion of the supplier self-disclosure form is a prerequisite for the verification of future cooperation. As a partner in the HÜBNER group you will cooperate with an established and innovative company.

As a supplier for technical industrial products and systems, we supply the B2B sector worldwide. For 60 years we have provided the market with products for buses, trains, commercial vehicles, automotive, airport and medical technology. We focus on quality, flexibility and safety - and we have the same demands for our suppliers.

In detail, the following requirements for new suppliers are important for us. You:

- ◆ agree to our terms of purchasing, delivery and payment ,
- ◆ own your own developments for products and processes,
- ◆ are demonstrably a development partner,
- ◆ work with a QM/EM system according to ISO TS 16949, VDA 6.1, QS 9000 and ISO 14001 certified by an accredited body,
- ◆ live and act according to the zero-defect-strategy ,
- ◆ apply the most effective and most modern inspection technologies and methods ,
- ◆ are aware of ISR processes, IMDS procedures, structural testing possibilities ,
- ◆ possess a logistics system which observes internet and just-in-time modalities,
- ◆ are characterized by technically qualified and competitive service offering .

Should your profile not match the above mentioned requirements completely, we would ask you to contact us.
